There is nothing that can compensate merit, confidence and honesty of a student when it comes to cracking examinations. Kashmiri youth have a lot of talent. All they need is a proper guidance and exposure. It is time we stand up and tell the world that we can make it to elite civil services. Dr Shah Faesal, the young Kashmiri doctor to have topped the IAS examination this year, talks about his journey to Civil Services, motivating factors, suggestions for the JK youth, and much more in an interview with Greater Kashmir correspondent, Faheem Aslam.

Before I went for the examination, all that was in my mind was that I have to get into IAS even if it takes me five attempts. I was just crazy about IAS, irrespective of the perception that it is difficult to qualify the examination and that there is a certain degree of discrimination meted out to students.

The youth in Kashmir, I believe, are in search of a life to live. May be the ways and means to achieve the goal differ. But I wish they move from the enterprise of violence, which has been imposed on them, to a constituency of peace. It is time we break the stereotype that we don’t know anything except violence.

And what were your thoughts before sitting in the interview?
When I went for the interview, I thought I have done well in the Mains, and now I have to work hard and qualify it somehow. I concentrated more on being confident and honest. Confidence and honesty is the key to success. You just cannot play tricks with the panel of interviewers. They happen to be the reputable scholars, who can’t be fooled by beating about the bush when it comes to answering questions.

Can you share with us some of the questions they asked you?
Actually it is not one question, but a barrage of questions. Or to be precise, it is a diverse basket of questions. They asked me about the peace in South Asia, the Google controversy in China, the Censorship laws in China, the education and health sectors in India, about the Right to Information Act, and of course, the Jammu and Kashmir Problem.

And what do you give credit for your ultimate success?
The credit goes to my mother who has been a pivot in encouraging me whenever it came to my academics. And then of course, my well wishers, who prayed for me, and motivated me to be confident. I thank all of them from the core of my heart.

What is your message for the youth of Jammu and Kashmir?
I always believe that there are different and better ways of living lives. The youth in Kashmir, I believe, are in search of a life to live. May be the ways and means to achieve the goal differ. They move from the enterprise of violence, which has been imposed on them, to a constituency of peace. It is time we break the stereotype that we don’t know anything except violence.

How do you look at your topping the merit list?
I take it as an opportunity to serve my people around in whatever the way I can. And I hope I will be able to live up to the expectations of those, who have expectations from me, and my getting into IAS.

Whenever somebody asks me about the mantra for my success, I tell them it is writing for Greater Kashmir. In the Mains, we had to write an essay on Globalization versus Nationalism. Long back I had written an article titled “An ideal world order” in GK. It was connected to the issue. So my writing for GK have to be a topper in the Mains. You have to work hard. Be confident, positive and take up the challenge honestly.

Why did you choose Public Administration and Urdu Literature as your subjects?
That is because they were relevant to the job that I was looking for. And then I am emotional attached to Allama Iqbal (RA) and Faiz Ahmad Faiz. I keep reading Faiz continuously.

You have been writing regularly for Greater Kashmir. Did your writings help you anywhere?
